

Brief CV

Profile

I have been working with textiles for more than twenty years now, regularly exhibiting and teaching around New Zealand, and more recently in Britain, Australia, and the United States. My work is held in private collections in New Zealand, Australia, Britain, America and Japan, and has gained a number of National awards.

While studying for a Diploma of Design at Unitec, I developed a passion for hand made books. I find that as I work with both textiles and the book arts, the involvement in each field supports and informs the other.

Personal Details.
